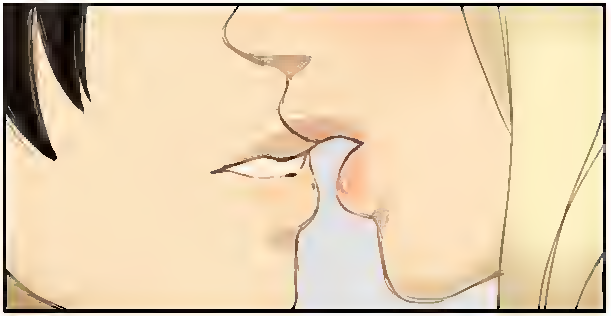
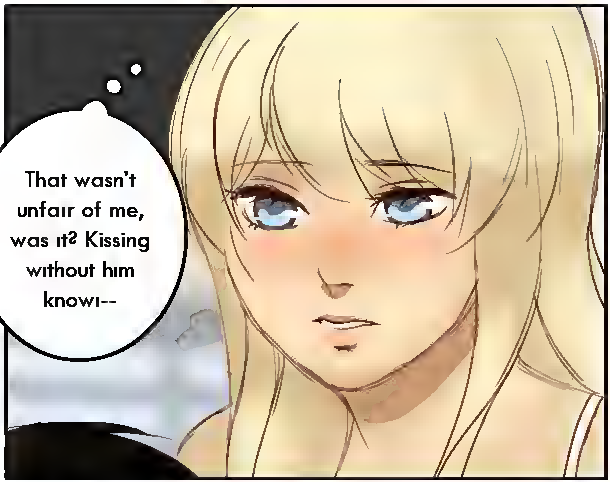
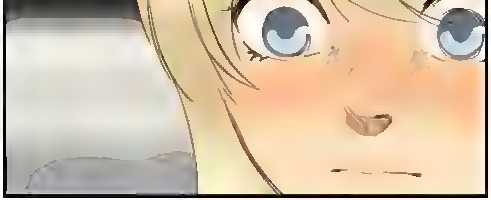
One kiss is okay, isn't it?

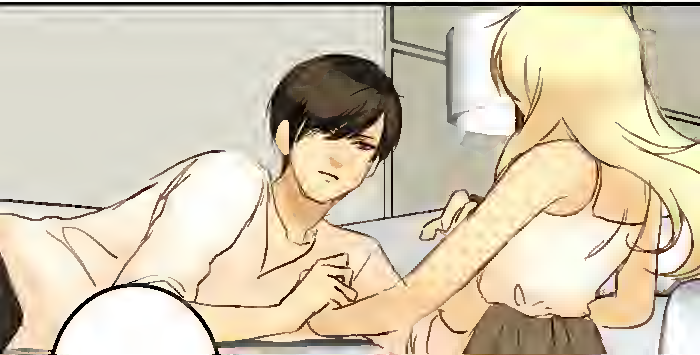




That wasn't unfair of me, was it? Kissing without him know--

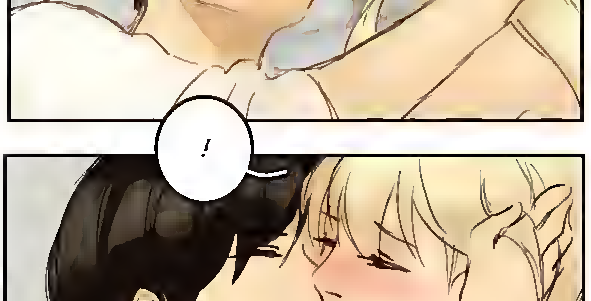


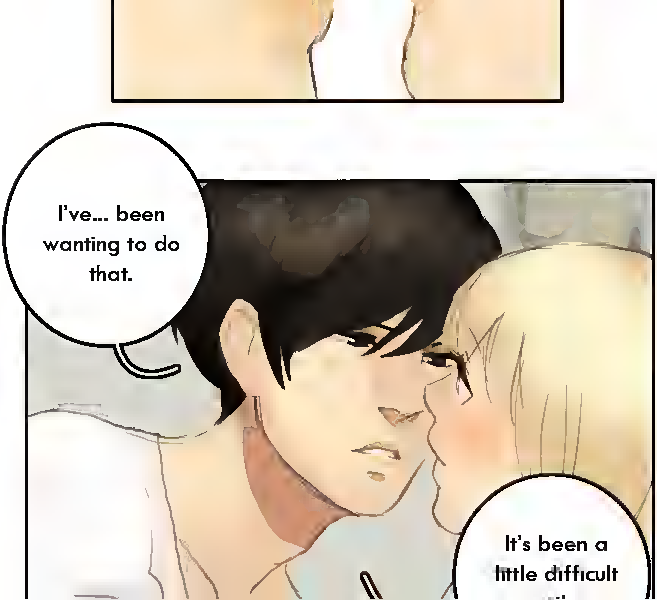
Rachelle...?



I-I'm sorry--

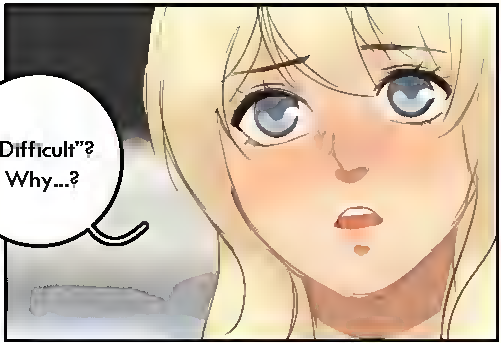
I-- Um...

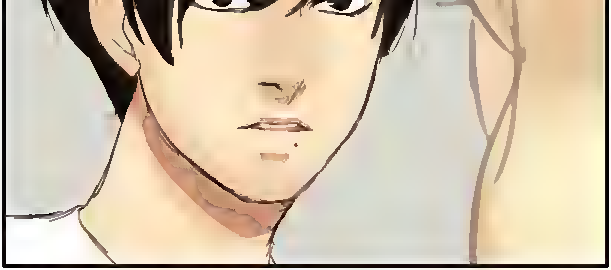


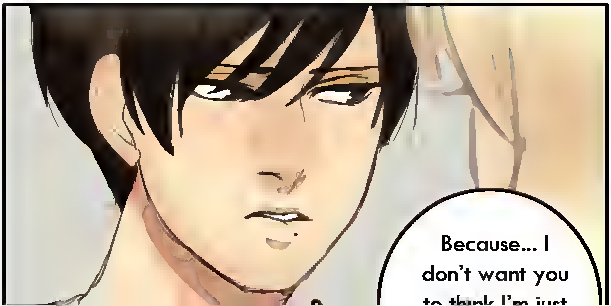


I've... been wanting to do that.
It's been a little difficult

up until now.

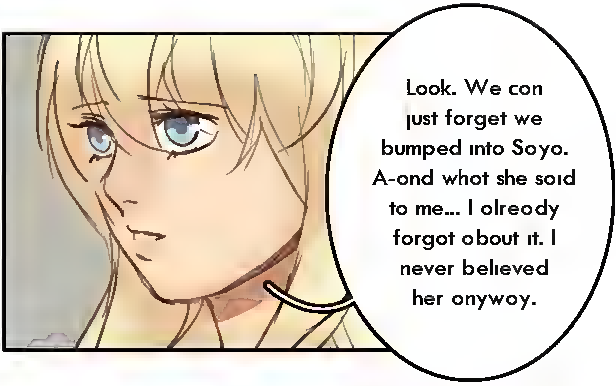






Because... I don't want you to think I'm just

to think I'm just
toying with you.
Oh...

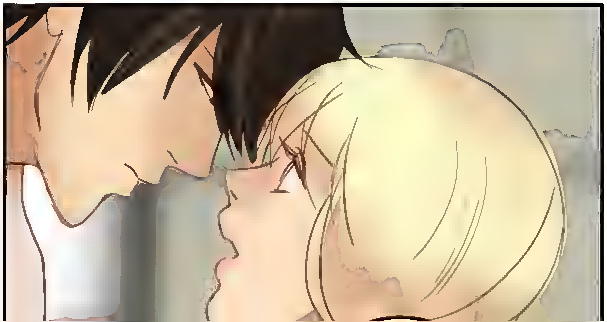


Look. We con just forget we bumped into Soyo. A-ond whot she soid to me... I olreody forgot obout it. I never believed her onywoy.

Rachelle... I can't change the past... or what kind of person I was before.
But even still, do you hate me the slightest bit? At times do you feel you doubt me?

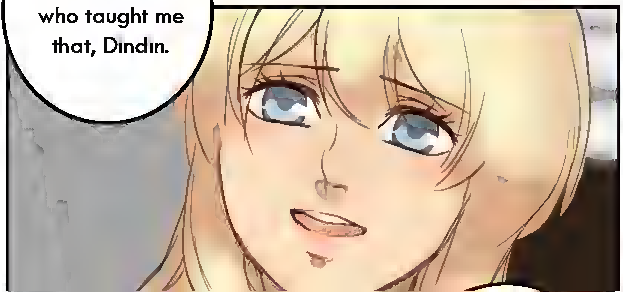
I know I may not show it much,

but that's what I worry the most about.



...The mistakes you've made in the past don't define who you are as a person.

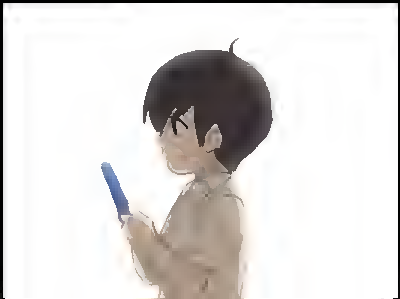
You're the one who taught me that, Dindin.



I don't hate or doubt you. So please... Don't change.
I think you're a kind, caring, and gentle boyfriend... And I trust you... a lot.
Don't worry about that

"Don't change"...
"I trust you"...
Those words
seemed to replay
over in my mind.

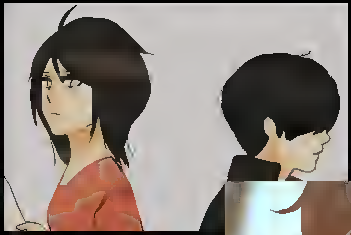
They were
olmost surreol,
I hod to let it sink
in for a moment.

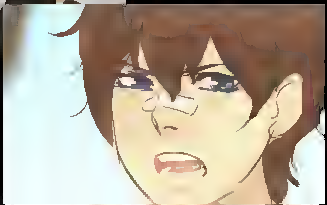


For as long as I can remember,
I could only recall...

The disgruntled murmurs of my peers...

The tired looks and sighs from my parents...

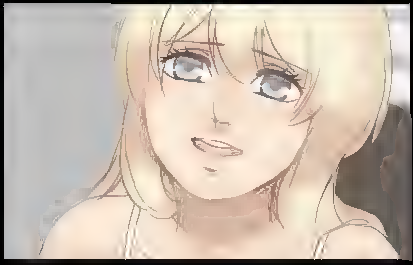




And from those who I deemed close to me...

I was trapped in the relentless struggle of pleasing everyone, I continued to be my own burden.

But then... she came along.



It was her wards that suddenly apened my eyes ta the fact that I didn't have ta be anyane but myself...

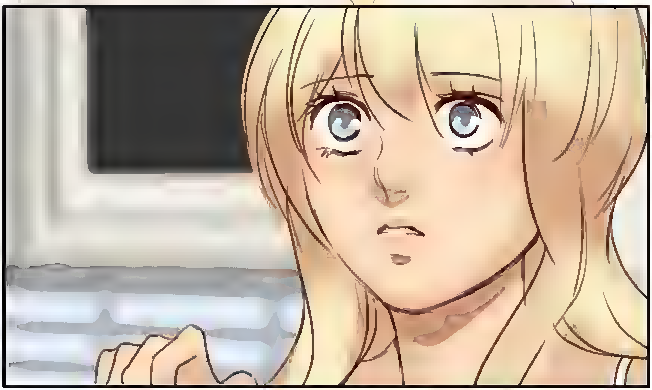
She accepted me through all
of my faults and imperfections.

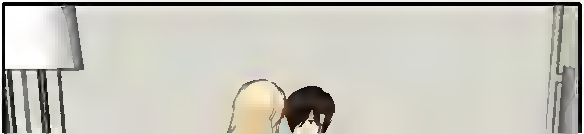
She didn't expect anything mare
ar anything less af wha I already
was.

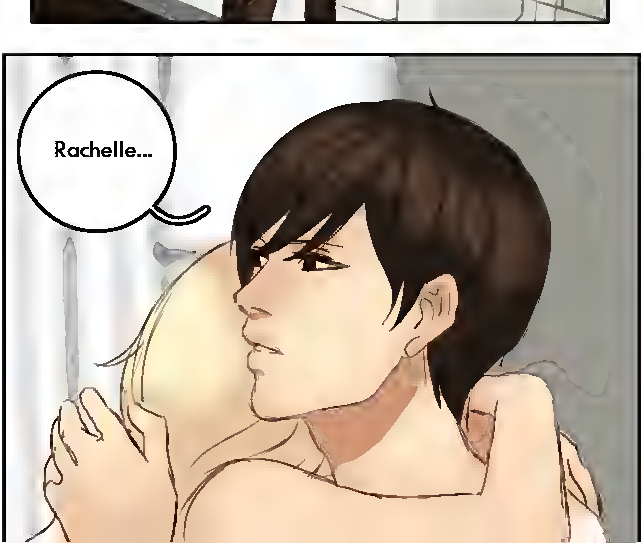
And as I was
caught up trying ta

make sense of her
words just then...

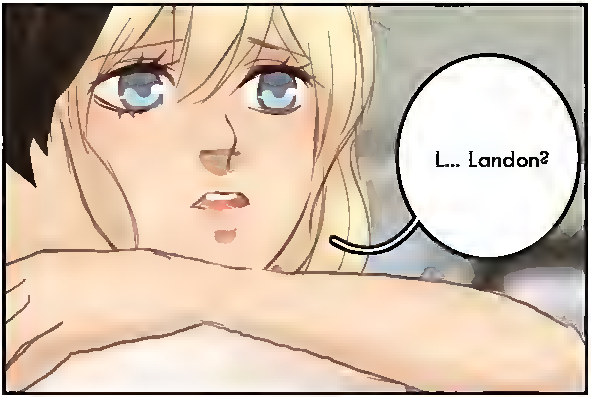
I felt something
slip down
my cheek.



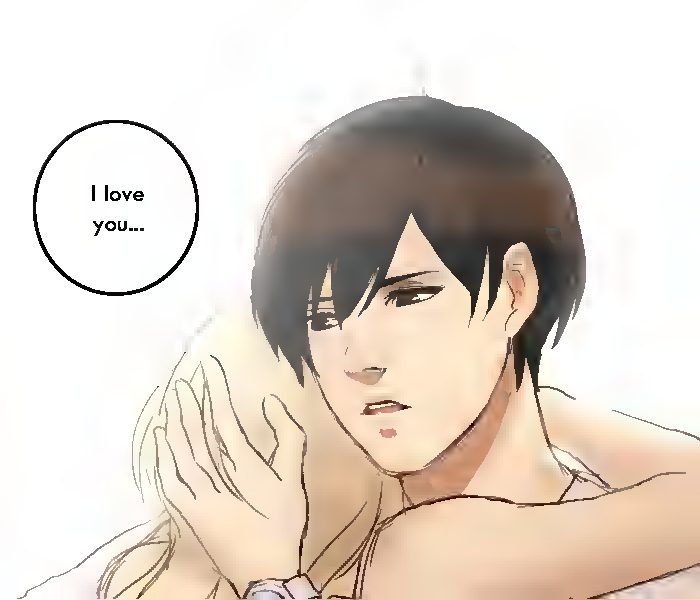




Rachelle...

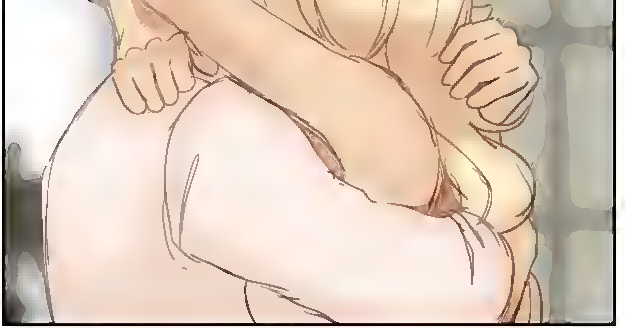


L... Landon?

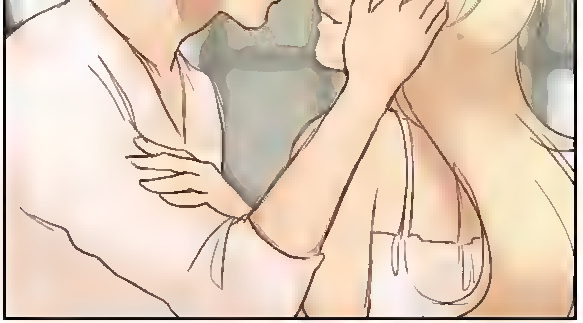


I love you...

I love you too.

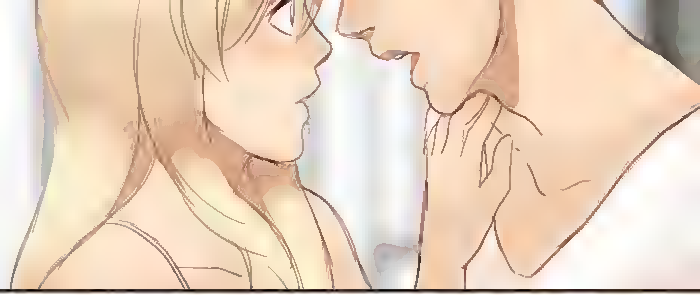


Heh...

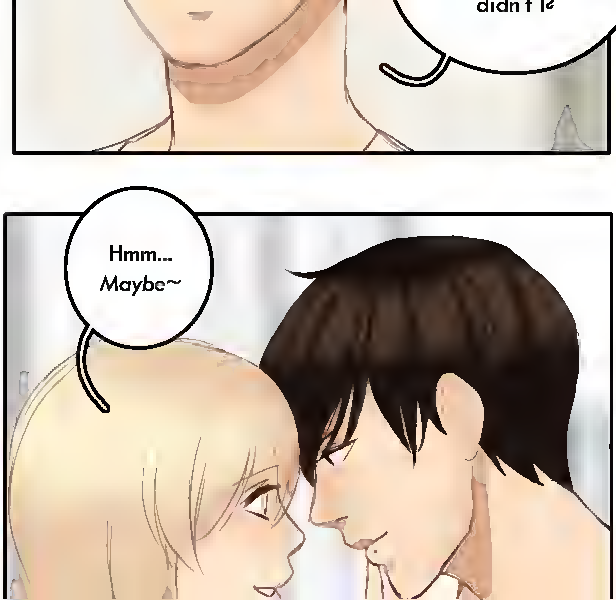


I didn't think
it was possible for

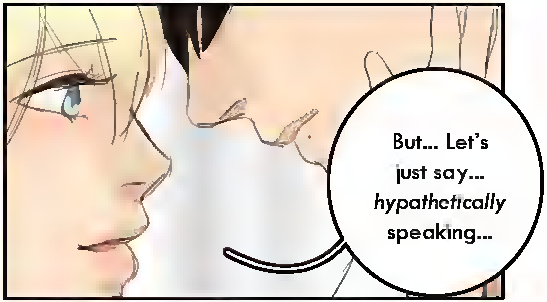
anyone to say that
to someone like me.
Don't talk
like that.



And on the contrary, I proved you wrong just now,



didn't I?
Hmm...
Maybe~



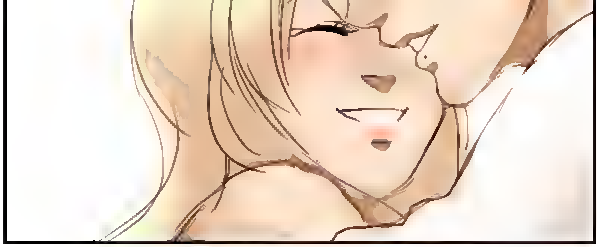
But... Let's just say... *hypathetically* speaking...

If I were

really broken,
I think...

You'd be the missing part that completes me.

As you are
to me.



As you are
to me...
